Energy Policy

Energy usage policy of we install the solar energy system Dharashiv is to manage energy in such a systematic way so as to minimize its impact on environment. the policy implies to explore the renewable energy resources to reduce the burden of government and to find out substitute natural resources as salutations to the energy crisis.

- 1.To assess our energy usage and measure its impact on the environment.
2. To install LED Bulbs in the complete campus to save energy.
- 3.To develop systematic waste management..
5. To ensure the availability of necessary resources to achieve our objective.
6. To monitor and respond to emerging environmental and energy issues.
- 7.To provide information and training opportunities on energy saving measures.
- 8.To offer opportunities for employees and students to engage in initiatives those contribute to environmental protection.

This policy will be communicates to the students via internal communication and will be made available on institution website. The energy policy, objectives and targets will be reviewed on a regular basis.
